Project for 1823

Reproduce Figure 11 on page 9 of Module 30. Use colored markers to color code the wires. Select a wire type based on table 19 and list (Separate sheet) what you feel are the most important code rules. (Section 60) Create a legend for wire colors. Study the diagram and be prepared to answer questions.

Marks will be given for neatness, code rule selection, and knowledge of the drawing.
